

REMARKS

This amendment response is being submitted in response to the Notice of Non-Compliance mailed February 5, 2007. In that notice, the numbering of claims was identified as not in accordance with 37 CFR 1.126 and the numbering of claims was identified as unclear. In particular, the submitted claims were informal and not consecutively numbered.

In response, Applicant has deleted the portion of the specification directed to unnumbered "claims" and has submitted new claims 1-5 that are consecutively numbered. Examination of the patent application with the new claims is requested.
